UNSPEAKABLEMarked Resumption of Mas-
sacre at Bialystok

BODIES ARE MUTILATED

Heads of Jew Victims Battered in and
Legs Chopped Off—Women Partic-
ipate in Bloody Scenes With
the Men.

Berlin, June 16.—News has been received here that rioting and bloodshed continues in Bialystok and the local authorities are abetting the onslaught on the Jews. The anti-Semitic fury of the mob is unprecedented, and it is really another Kishineff massacre. Mere killing does not satisfy the passion of the people, for the torture of their victims is added. Limbs are chopped off with axes, eyes are gouged out and skulls battered in with iron rods and hammers. Wounded Jews are left in burning houses and children are thrown from windows. Women have taken a prominent part in the rioting and their excesses in their frenzy are said to have been unspeakable.

BOMBS AGAIN START IT.
And Riots Broke Out in Even Greater
Fury Yesterday.

St. Petersburg, June 16.—Disorders appear to have broken out at Bialystok yesterday afternoon with even greater fury than characterized Thursday's riots. They were started again yesterday by the throwing of several bombs. The crowds opened fire on the police station, to which the troops replied, and there was a constant interchange of shots between Jews in their houses and soldiers in the streets. A mob of peasants, armed with clubs, scythes, etc., who had found their way into the city Thursday, was participating in the rioting.

A despatch from Minsk states that the authorities had been fully forewarned of the possibility of trouble Thursday and had recalled a battalion of infantry and several squadrons of cavalry from their summer camp to strengthen the garrison, but without overawing the fomenters of the trouble.

CONGRESSMAN BADLY HURT.
Fell from the Roof Through a Skylight
—Both Legs Broken.

Washington, June 16.—Representative Rufus L. Lester of Georgia was last night seriously, if not fatally injured, by falling from the roof at the Cairo apartment house to the 11th floor of that building, where he has apartments. There was a consultation of physicians late last night and it was said it would be 24 hours before it could be determined whether he could recover. Mr. Lester had gone to the roof of the building to look for his two young grandchildren and apparently missed his footing, falling through the skylight, about 30 feet to the 11th floor. He sustained internal injuries and both legs were broken.

Mr. Lester is 68 years old.

\$25,000,000 FOR LOCK CANAL.
An Amendment to the Sundry Civil Ap-
propriation.

Washington, June 16.—In the House yesterday Mr. Littauer of New York, a member of the committee on appropriations, offered an amendment to the paragraph in the sundry civil appropriation bill appropriating \$25,000,000 for the continuation of the Panama canal, and providing that no part of the sums appropriated shall be used for the construction of a canal of the so-called sea-level type. Mr. Bartlett of Georgia reserved a point of order against the amendment. Mr. Burton of Ohio was recognized for one hour for a speech in favor of a lock canal.

NEVADA STERN ON INSURANCE.
Will Exclude Companies That Refuse to
Pay San Francisco Losses in Full.

Carson City, Nev., June 16.—State Insurance Commissioner Davis has advised a fire insurance company of Hartford, Conn., by a message to its president, to pay one hundred cents on the dollar of its San Francisco losses, or cease doing business in Nevada. This action was taken when it was reported to Commissioner Davis that the company in question had agreed to pay only 75 per cent of its losses in San Francisco.

CLOSURE ON EDUCATION.
The Bill to Be Forced in British Par-
liament.

London, June 16.—Premier Campbell-Bannerman will, on Monday, submit to the House of Commons a resolution with a view to expediting progress with the education bill. The resolution empowers the government to close the bill by committees, and defines the clauses which may be passed each day, allowing altogether seventeen days for the remaining stages of the bill.

TRIED TO END LIFE.
But Herbert Glynn of Springfield Was
Relieved of Poison.

Springfield, June 16.—Herbert Glynn of this place tried to end his life by taking a dose of Paris green. He was recovered, having taken too large a quantity. He was despondent over two indictments which had been brought against him, and he was also accused of having set fire to Mrs. Beckwith's home and buildings, which were destroyed by fire Wednesday night.

PILED INTO FREIGHT.

Express Knocked Three Cars of the Lat-
ter Off the Iron.

Wilkes-Barre, Pa., June 16.—The east-bound Black Diamond express on the Lehigh Valley railroad ran into a freight train which was pulling off the main track into a siding at Rummerville, near Towanda, at 3:30 o'clock yesterday afternoon. The freight had about cleared the siding when the express dashed into it, knocking the three last cars of the former off the track.

Engineer Wank of the Black Diamond jumped and received a broken shoulder and was otherwise seriously injured about the head. He was removed in a special car to the Packer hospital at Sayre, Pa. Fortunately, no one else on either train was injured.

The rear cars of the freight were heavily laden with iron and when the collision occurred they stopped the force of the passenger train and brought it to a full stop.

The passenger engine was almost totally destroyed. The fireman stayed at his post and escaped injury.

31 LAND INDICTMENTS.

Heavy Blow at the Land Frauds in
Nebraska.

Omaha, Neb., June 16.—The federal grand jury, which has been engaged for several weeks upon an investigation of public land frauds in Nebraska, yesterday returned a list of indictments more comprehensive and important than any found in the West since the time of the notorious Oregon upheaval, which involved Senator Mitchell, Congressman Hermann and Williamson and many of their political and business associates. In many particulars the Nebraska indictments will outrank, in far-reaching effect, any that have been found elsewhere up to this time. They come as the culmination of a determined campaign carried on by Secretary Hitchcock, covering a period of several years, and directed against a gang of great land thieves who, by reason of their undoubted political influence, have heretofore escaped and received practical immunity from punishment for their crimes. The true bills returned by this grand jury number thirty-one.

COULDN'T STAND CENSURE.

Veteran Newburyport, Mass., City Clerk
Tenders Resignation.

Newburyport, Mass., June 16.—Unable to stand the criticism to which he was subjected in connection with the \$80,500 defalcation of James F. Newburyport City Treasurer, City Clerk George H. Stevens resigned his office yesterday, after over thirty-six years of continuous service. The expert accountant examining Fekker's books reported to record certain fraudulent notes that Fekker had issued, was largely responsible for the defalcation.

Stevens is also one of the twenty bondsmen of Fekker who is now in the Newburyport jail, while his attorneys are trying to raise the \$20,000 bail necessary for his release. Fekker defaulted with \$80,500 of the city's funds several months ago, and is now in jail here.

BURLINGTON BONDS GOOD.
Water and Electric Light Bonds Sell at
a Premium.

Burlington, June 16.—The bids for the latest issue of Burlington municipal bonds were opened at the office of City Treasurer L. C. Grant yesterday. The bids were for \$100,000 in twenty year four per cent, refunding water bonds and \$20,000 thirty year, four per cent electric light bonds.

The highest bidder for the \$100,000 water bonds and the one to whom the bid was awarded was Blodgett, Merritt & Co., of Boston, who bid \$103,978, buying the entire issue at \$103.978. The same firm was also the successful bidder for the \$20,000 electric bonds. For these they bid \$104,077, buying the entire issue at \$104.077. In other words the city gets a premium of \$3,078 on the water bonds and \$1,500.03 on the electric bonds, a total of \$4,578.03.

PRISCO SHAKEN THRUCE.
Shocks of Earthquake Were Felt Last
Night.

San Francisco, June 16.—A severe earthquake was felt here at 9:41 last night. It lasted about five seconds. It was probably not heavy enough to do damage, though possibly it may have caused some of the walls of ruined buildings to fall.

Two more slight earthquake shocks were experienced at 11:30.

SELECTMEN
WERE DAREDTo Make Arrest of Bristol

ON MIDDLEBURY ROAD

An Attempt Is Being Made by Ameri-
can Motor League to Get a TestCase—F. R. Dickerman
Makes Trial.

Middlebury, June 16.—The American Motor League, an organization of motor car owners throughout the United States, has decided to test the validity of the action of the selectmen of Middlebury in posting the road from Rogers Corners to the Rippon line against automobiles, and on Thursday F. R. Dickerman, a member of the league, accompanied by its attorney, W. H. Davis, of this place made a trip over the forbidden road.

Before starting out the selectmen of Middlebury were notified that the trip would be made that afternoon for the purpose of inducing the bringing of a test case, and that Mr. Dickerman would hold himself in readiness to respond to any action the town might take.

Mr. Davis said that the American Motor League was very desirous that some action be taken to determine the right of the town to forbid the use of automobiles upon the public highway, and that as attorney for the league he stood ready to defend any one against whom action might be brought.

The American Motor League takes the position that the town having taken this action should either defend its position or recede from it, and that unless the town has a right to close this road, persons desiring to use automobiles upon it should not be intimidated by the posting of an illegal notice.

TRAPPED BEAR IN BRAINTREE.

Makes 100th Catch by Charles M. Rob-
bins, a Veteran at It.

Randolph, June 16.—Charles M. Robbins of Hardwick, better known as "Robbins," the veteran bear hunter, brought to this village Thursday night a fine specimen of a two year old black bear, captured that day in a trap on Braintree mountain. The bear, which was sold at the local meat market, makes the 100th bear captured by Mr. Robbins during the past 50 years. Since he caught his first bear, 50 years ago, he has averaged two each year, skipping several years and making a banner catch of six bears one year. He has had all kinds of experiences with bears. The largest bear captured weighed 415 pounds and the last price he ever received was \$45. Mr. Robbins killed six wild pig, having caught 64 in traps. With getting the traps accounts for his success. He says: "You must in the first place get into a bear territory, and I get the best results where traps are set in water and baited with mullein." He caught his first bear when he was 23 years old and it has been his ambition to catch 100. During the past month he has captured three bears, making a full quota. Although 73 years old, he has returned to the mountains to take up his seven traps, having received not a cent for his bear trapping for bears until the bounty is restored.

PRESENTE TO PRINCIPAL.

D. Y. Comstock to Leave St. Johnsbury
After 10 Years' Service.

St. Johnsbury, June 16.—Festivities of commencement week at St. Johnsbury academy closed last night with an annual reunion of the alumni. After a short musical program a gold-headed cane and dress suit case were presented to Principal David Y. Comstock, who leaves the academy after ten years of faithful service. Charles H. Horton made the presentation speech on behalf of the citizens of St. Johnsbury, and Principal Comstock responded in a most happy vein.

MIRACULOUS ESCAPE.

For Chester Grant When Team Was
Struck by Train.

Sheldon Springs, June 16.—A team of horses owned by Frank Rice and driven by Chester Grant, was struck by the east-bound Railroad train shortly after noon yesterday at a crossing a few rods from the station. One horse was killed and the other badly bruised and cut, while the driver escaped almost unscathed. It appears that the driver of the team, Mr. Grant, is quite deaf and did not hear the signals made by the engine for the crossing and drove on just as the train reached the spot.

ENDORSED VAN PATTEN.

Burlington Republicans Prefer Him to
H. S. Peck.

Burlington, June 16.—The Republicans of this city endorsed the candidacy of William J. Van Patten for senator over his other Burlington opponent, H. S. Peck, yesterday afternoon, by a vote of 509 to 393. Mr. Van Patten carried every ward.

TALK OF THE TOWN.

Fred Hall went to St. Albans today
on a rail.

Lyman Meade went to White River Junction this morning on business. Mr. and Mrs. J. M. Taff went to Brandon this morning to visit friends for a few days.

William H. Jones went to Bellows Falls last night for a visit of a few days.

E. S. Bissell and W. A. Bradford left last night for Boston, where they will visit for a week.

Miss Annie Ingles leaves tomorrow for a two weeks' vacation in Boston. Miss McKnight of East Montpelier will take her place as stenographer in the office of the D. A. Perry real estate agency.

MAKES GOOD SHOWING.

Barre Granite and Quarry Company
Holds Annual Meeting.

The annual meeting of the stockholders of the Barre Granite and Quarry Co. was held yesterday, when the following directors were elected: O. N. Canton, W. A. Kinzie, of Barre, J. W. Goddell of Burlington, D. A. Perry, A. A. Sargent, East Montpelier, and W. Cole of Barre. Wm. Cole was elected treasurer and Mr. A. Baldwin of Portland, Me., clerk.

A report was made by the directors for the five months in which the quarry has been under its present management. In this time the company has sold granite to the amount of \$9,577.67, received royalties and rentals to the amount of \$855, and incidentals \$24.40. The company has made a net profit for the five months of \$2,083.95, and proposes to install an air compressor plant this summer.

A dividend of 4 per cent has been credited on the books on all stock of record on April 1st and a further dividend of 2 per cent on all stock of record July 1st, to be paid August 1st.

The outlook for the future of the company is most encouraging, according to the report of the directors, which concludes with the statement: "We believe with judicious management the company can pay its 3 per cent dividends regularly hereafter and in a short time pay up those that have already accumulated."

BURIED IN VERMONT.

Andrew J. Dudley, Who Left For The
West Many Years Ago.

Montpelier, June 16.—The remains of Andrew J. Dudley, better known as "Jack," were brought to this city from Denver, Colo., where he died suddenly, yesterday afternoon. Mr. Dudley was born in Calais 64 years ago, and has spent most of his life on farms and ranches. He served in the 11th Vermont regiment in the Civil war, rising to the rank of first lieutenant. After the war he was custom house officer at Newport for several years. He was interested in several hotels for a time. He went to Washington about 30 years ago and was on a horse ranch for some time, later going to Denver, where he was employed on a railroad. He is survived by a niece, Mrs. Van R. Kent, who resides in Denver and came with the body and two sisters, Mrs. S. H. Foster of Calais and Mrs. A. M. Foster of Calais. One brother, Martin, died some 40 years ago. The interment was in East Calais today.

LIKED THE GRANITE.

And May Uncover Ledge of It at Ran-
dolph.

Randolph, June 16.—Two extensive granite quarries owned by Messrs. Hamilton of New York and Brett of Boston, were in Randolph Tuesday with N. L. Sheldon, a Boston lawyer, to meet A. H. Beedle and examine the granite ledge on the Beedle farm. The color and quality of the stone greatly pleased the gentlemen, who were of the opinion that it exists in sufficient quantities to make a valuable quarry. They are anxious to open up the ledge, which has been uncovered for some distance, but not believed, and Mr. Hamilton is to meet with Mr. Beedle again this week to talk the matter over. The party also visited the Beedle quarries.

DIED OF HEART FAILURE.

Mrs. Sarah Seaver of Williamstown Was
Not Thought Dangerously Ill.

Williamstown, June 16.—Mrs. Sarah Seaver died very suddenly yesterday afternoon of heart failure at the Gulf House, where she has been at work for a few weeks. She had been ill nearly a week but was not considered dangerously so. Her son was with her at the time, having taken a team down to bring her to his home. Before they were ready to start she suddenly passed away. She leaves one son, Forrest C. Seaver, and an adopted daughter, Mrs. Fred Gaudier of Barre, besides several grandchildren.

TRAILING ALLEGED ABDUCTOR.

Think Armenian Took Philadelphia Child
This Week.

Philadelphia, June 16.—The local police said last night that they were close on the trail of a man suspected of being the abductor of seven-year-old Charles F. Murtie, who was stolen last Tuesday. The man suspected is an Armenian who formerly lived in New York. Immature theories have been advanced as motives for the abduction and Captain of Detectives Donaghy has more than 100 men on the case.

LOOKING FOR MEASURES.

And Not to Further Interests of Indi-
viduals, Says "A Trade Unionist".

Editor of the Times: In yesterday's issue, Mayor Burke of Burlington is quoted as standing firm and opposed to fusion with Clement under any consideration. Why this sudden change of front? But a few weeks ago, Mayor Burke informed Halvosa and Bruten of Rutland and McCarthy of Barre, leading officials of the State Federation of Labor, that he would favor fusion if Clement would accept the second place on the fusion ticket. Mayor Burke is an employer of labor, and as such, is not entitled to a working card in a Federal Labor Union. Were he an employee, his place as a union man would be in the blacksmith's union. He is not eligible to membership in a trade union under the constitution of the American Federation of Labor, and I cannot see where he is entitled to the support of organized labor of Vermont, on the strength of the card which he now holds. Vermont unionists are looking for measures, and not the individual interests of men or party.

A Trade Unionist.

Montpelier Democrats Favor Fusion.

The Montpelier Argus has been interviewing a number of leading Democrats in Montpelier and finds a strong sentiment among them in favor of a fusion state ticket.

Ladies' Golf Tournament.

The winners in this week's Ladies' Golf Tournament on the Barre course were Mrs. George Tilden first, Miss Carrie Wheelock second, and Mrs. W. F. Hawes third.

41 GRADUATES
OF SPAULDINGReceived Diplomas at Opera
House Last Night

IN IMPRESSIVE EXERCISES

Stella Mayo Brooks, First Honor, Agnes
Marr, Second Honor and Jennie
Marr First Honor in Com-
mercial Department.

A class of forty-one—24 young ladies and 17 young men—received diplomas from Spaulding high school last evening, the presentation taking place at the opera house before an audience which

declared that we will wash our dirty linen in private if we can get it clean; but if we can't get it clean in that way, we will wash it in public.

The third consciousness of power is the social influence. Every man has an influence of some nature over some one else. But then, having consciousness of power in these three respects, the man is not yet complete until he secures the fourth and last consciousness, which is the consciousness of the power of God. Then, declared the speaker, if we have these four we can look this world and the next fearlessly in the face.

At the close of Prof. Foster's address a quartette from the senior class, Misses Theresa Scott and Bessie Jones and William C. Ayers and Roy Bugbee, sang "From a Bygone Day," and then the valedictorian of the class, Miss Stella Mayo Brooks, delivered a fine essay on "What Is Worth While?"

Miss Brooks took first honor in school and her essays showed careful study. Her farewell words to the school commissioners, the teachers and finally to the members of her class were very appropriate and were delivered with feeling.

This done, there came the final act of the exercises, the presentation of the diplomas. School Commissioner H. G. Woodruff addressed the graduates in the commercial department and the president of the board, Alexander Gordon, gave timely words to the four years' course graduates, the members of the class having marched to the stage. After the granting of the diplomas the class turned to face the audience and were given a hearty applause, and they were also applauded after the singing of the school hymn, "O Lord, Kindly Light," and after the benediction by the Rev. Mr. Poole.

Those Who Graduated.

The members of the graduating class
are as follows:

Chamberlain, Margaret Coyne, Marge Eastman, Roy Fenner, Lida Gilbertson, Harold Hayes, George Maekay, Robert Mackie, Grace Masfield, Alexander Milne, Flora Mitchell, Lena Owen, Albert Scott, Alexander Stratton, Lindsay Winchester, Frank Woodward.

Eighty pupils received promotion cards from the eighth to the ninth grade yesterday. The high school senior class will number about 35 next year.

TALK OF THE TOWN.

A small bunch of keys, with chain, is awaiting an owner at this office. Miss Mae Kelley of Worcester is visiting friends in the city for a few days.

Prof. and Mrs. C. H. White go to their home in Watkin tomorrow for the summer.

A. Moss of Boston is visiting at the home of his daughter, Mrs. M. S. Levin, for a few days.

Mr. and Mrs. G. L. Johnson of Littleton, N. H., arrived in the city today for a visit at the home of their daughter, Mrs. F. H. Rogers.

Mrs. V. W. Curtis of Washington went to Burlington this morning to visit her husband who is at the hospital there for the treatment of his eyes.

F. H. Rogers' store is being renovated with paint and whitewash giving it its former neat appearance before wetting from the recent fire.

Mrs. George Robinson and daughter, Mabel of Warren were in the city last night to attend the Spaulding commencement exercises. Mrs. Robinson's son, Harold, being one of the graduates.

There were about thirty-five couples attended Nichols' social dance in Miles hall last evening and a very pleasant time is reported. Gilbertson's orchestra of five pieces furnished music.

BALL PLAYERS
ARE ON WAYTreasurer Wishart Gets Word
From Intercity Bunch.

OPENING NEXT SATURDAY

Intercity Park Is Being Thoroughly
Fixed Up—The Preliminary Game
With Beverly, Mass., Next
Thursday.

With the arrival in Barre this afternoon of Manager Tom V. Unice of the Intercity baseball team, comes the first chapter of the summer baseball story. Manager Unice will meet the local directors and make arrangements for places for the team, as they will be quartered in Barre this summer. Rooms may be secured in the residence of L. R. Hutchinson on Wellington street and of C. A. Churchill on the same street, corner of Merchant. Both are convenient to the electric railroad. The team will be decided on today, when Manager Unice arrives.

The players are almost all on the way to this city, according to telegrams received by Treasurer Charles Wishart last night and today. A message last night read: "All O. K. Leave Saturday noon." This is from four Western men, Carl W. Williams, R. A. Elliott, O. A. Davis and Howard Bluff, which by the way, are not their own names. This morning a telegram was received from another Western man, E. A. Warner, saying: "Received ticket today; leave on morning train." These men will be in Barre Tuesday. Two of them, Blair and Warner, are pitchers. Manager Unice writes that "Bobby" Burns has closed a deal and writes when to report. That completes the string of pitchers.

Ashtore, who plays first again, will bring a new man named Daniels, who is good either for the outfield or the infield. The management is keeping dark about their man for this position, but a good one is promised. The men will be given a tryout on Friday with the Beverly, Mass., team, a first aggregation. The grounds at Intercity park are undergoing a thorough overhauling. The diamond is being skinned and will be very fast, while the hay crop out in the field is being harvested. Additional props have been placed under the grandstand to hold the big attendance that are expected, and other improvements are being made.

Nearly all of Montpelier's share of the stock has been sold, bringing in about \$700. Thus far the local directors have not been successful in disposing of the stock. They have, however, sold some and expect to dispose of more. In addition a good sum is expected to be netted from the wholesalers and M. & W. R. R. men at Intercity park this afternoon. Besides, a benefit performance will be given at the opera house next Thursday evening, at which a large crowd is expected.

The Northern league season opens here one week from today, with Plattsburg as the opponent of the Champions.
